

WHITMAN PLANS BARNES DEFEAT BY PARSONS TO-NIGHT

Fight Over National Committee Boiling—Not a Root-Hughes Test.

"BIG FOUR" TO MAKE GOVERNOR CHAIRMAN

Chicago, June 5.—Gov. Whitman's effort to keep William Barnes from naming the Republican National Committee from New York keeps the state delegation boiling. This conflict between the Governor and the present members of the national committee over the nomination of Barnes, between the Root and Hughes delegates and has ended the rather cynical interest of the whole convention crowd.

The Governor's war board would be willing to shelve their candidate, Herbert Parsons, if any face could be put upon it except that of a victory for Mr. Barnes. They would be willing to accept National Chairman Hill, who wants to be national committeeman and was put forward as a compromise choice, except that the suggestion came from the direction of Mr. Barnes.

Big Four Agree on State.

The Big Four of the delegation, Gov. Whitman, Elton R. Brown, Senator Wadsworth and State Chairman Tanner, had a conference today. It was readily agreed that Senator Wadsworth should represent New York on the convention resolutions committee, which has the platform in its hands. Mr. Brown and Mr. Wadsworth then told the Governor that they would not object to his election to-morrow night as chairman of the New York delegation.

It was hoped that the money having extended thus far the Governor and Mr. Tanner would consent to a postponement of the national committee until the candidate for President would be sure of having a committeeman from New York satisfactory to him. But Gov. Whitman and Mr. Tanner are not likely to make the proposal over with other delegates.

Tomorrow before the caucus the Big Four will get together again. The indications of surrender were visible around the Whitman headquarters, although they know that if they put Herbert Parsons in it will be by the tightest of squeaks.

Delegates from up-State New York had a little squabble today, but they decided to tell one another how they resented the idea of giving New York City Republicans a national committee. The New York City delegates, however, and State chairman and will probably get the candidate for United States Senator this fall. They decided to urge N. Y. Frankforter to run for the job. Senator Wadsworth will not take it, which he has virtually declined to do, and Mr. Hill should fall by the wayside.

Not a Root-Hughes Test.

Mr. Parsons's friends professed to feel deeply hurt by this sort of thing. They said that in a conference held more than a month ago wherein up-State predominated Mr. Parsons was flatly asked to stand for the national committee and that he promised to do so when assured there was no objection to a man from New York City. The conference agreed, Mr. Parsons's friends say, that the work of the committee has to be done from New York City he ought to be a resident there. So the Parsons faction cannot see why this objection should be raised now.

When the vote on postponing the election of national committee is taken to-morrow night it cannot be construed as showing how many delegates will be for Root and how many for Hughes at the convention. Some Hughes men are for Root and some Root men are for Hughes and the Root delegates are especially anxious to have nothing happen to-morrow night that will hurt their candidate in the convention. The delegation still stands evenly divided as to Root and Hughes, with two votes for Root.

The Whitman-Hughes campaign were disturbed this afternoon by the announcement that William B. Thompson of New York had declined to run for Root under the very nose of William L. Ward, the Westchester leader, who is working with the Governor for the nomination of Root. The impression grows that William Barnes will be able to succeed himself on the national committee, and that the Root faction will be able to retain his present position. Have you?

HARMONY IN PENNA. GROUP.

Pennrose and Brumbaugh Smoke the Pipe of Peace.

Chicago, June 5.—The Pennsylvania delegation, composed of seventy-five delegates, held a harmony meeting this evening at its headquarters in the Waldorf-Astoria. Gov. Brumbaugh and Senator Pennrose attended it.

The Governor got up at the meeting and offered to withdraw as a Presidential candidate if that would be in the interest of harmony. Senator Pennrose, who also made a harmony speech, thought there was no definite vote taken. It is understood that an agreement was reached for the purpose of the Pennsylvania delegation to hold a meeting in the morning.

LA FOLLETTE GROUP LONELY.

Little Loyal Delegates Enter Chicago on Rubber Heels.

Chicago, June 5.—The Hon. Walter M. Bruce of Maryland, Wis., arrived today with the La Follette delegates. These loyal but homesick admirers of the "Caucus" delegation by convention to the La Follette boom has dwindled to a point where it is scarcely perceptible even in the large.

Mr. Bruce, with a considerable contingent of delegates, La Follette made a speech in the convention, preferring to remain in the convention, preferring to remain in the convention, preferring to remain in the convention.

BITTER FIGHT BEGINS OVER PLANKS OF NEW PLATFORM

Progressives Want Arraignment of Wilson for Foreign and Mexican Policies—Lodge Confers With Perkins—Regulars Oppose Universal Training.

Chicago, June 5.—There threatens to be a man's sized fight between Progressives and regulars over the planks of the Republican platform dealing with President Wilson's foreign policy and the subject of "Americanism."

Progressives insist that the platform shall declare in favor of a policy of intervention in Mexico and they also demand a plank denouncing Mr. Wilson's course in his negotiations with Germany.

A report in circulation to-day that many of the regular leaders are opposed to a plank denouncing universal "military training" aroused the ire of Progressives who have been led to believe that they would have a potent voice in framing the Republican platform.

This matter of platform building has caused trouble in other directions. The word having gone out that Senator Lodge and Borah would be entrusted with the task of writing the platform, the latter instance has caused a lot of jealousy.

While other platform makers are on hand with planks on many subjects, all of which would be given consideration by the resolutions committee, it is well known that the leaders look for guidance on this important phase of the convention's work to Senators Lodge and Borah.

A Good Combination.

Lodge is in touch with the regulars and with Col. Roosevelt as well, on the other hand Mr. Borah speaks the language of the Progressives and appreciates the point of view of the conservatives. It is quite generally believed that at this crisis in the party's life Mr. Lodge and Mr. Borah make an ideal combination to draw up a platform that will be satisfactory alike to both factions.

Senator Lodge arrived here today and immediately conferred with George W. Perkins. The question of the platform was discussed. It is the expectation now that Col. Roosevelt will be consulted on the platform and that the conference will decide on something to bring the two parties together.

It is understood that one tentative

SUFF CONVENTION

FULL OF RED FIRE

Permanent Organization Effected for the Birth of the Woman's Party.

Chicago, June 5.—The voting women of twelve States, encouraged by delegations from nearly every other State in the Union, who crowded the orchestra of the Nationalist group, decided to go through with its plan whatever the Nationalist group decided to do. The women of States which have elected 25,000 women on Wednesday to escort their delegation to the Republican national committee, and the Congressionalists are going to take part in it.

Some of the leaders of the Nationalist body attended the reception of the women of States which have elected 25,000 women on Wednesday to escort their delegation to the Republican national committee, and the Congressionalists are going to take part in it.

Nearly all the prominent suffrage leaders of the country are in Chicago helping to organize the new Woman's party. Mrs. Lillian Kerr, Colorado, chairman of permanent organization Mrs. Louis Garnet, Utah, rules; Mrs. C. S. Hale, Montana, order of business; Mrs. Sara Hard, Florida, California, organization of woman's party; Miss Mabel Vernon, Nevada, hearings before the Republican and Progressive conventions; Mrs. M. C. Collins, resolutions; Mrs. Mackenzie, platform.

Other speeches were made at the convention by Mrs. Mabel Vernon, Younger of California, temporary chairman; Miss Anna Martin, permanent chairman; Mrs. Ida Finney Mackenzie of California; Mrs. Burnes of Washington.

The idea of permanent committees were appointed as follows: Mrs. Lillian Kerr, Colorado, chairman of permanent organization Mrs. Louis Garnet, Utah, rules; Mrs. C. S. Hale, Montana, order of business; Mrs. Sara Hard, Florida, California, organization of woman's party; Miss Mabel Vernon, Nevada, hearings before the Republican and Progressive conventions; Mrs. M. C. Collins, resolutions; Mrs. Mackenzie, platform.

The permanent organization of the party was completed to-night and will present for the approval of the women voters the first platform of the first woman's party in the world. It will pledge about 4,000,000 voting women to withhold their support from candidates in the coming election and to work for the Federal suffrage amendment as well as pledge them to discard party affiliations of their own and work for the women of the country have the privilege of voting.

"The question," said Mrs. O. H. P. Belmont in replying to the call to the convention, "is no longer shall women be able to use the vote and the power that it gives for the betterment of the welfare of the interests of all men? They have the power to do it. The only question is whether they have the will to do it."

The congressional Union leaders, under whose auspices the Woman's party convention was called, and the leaders of the rival suffrage body, the National American Woman Suffrage Association, whose convention opens to-morrow, almost got together this afternoon, but a conference that was arranged failed to take place and a united front to the Republicans and Progressive parties seemed impossible to-night.

draft of the platform prepared by Dr. Nicholas Murray Butler already has been submitted to Mr. Perkins, who will consult Col. Roosevelt. One story to-day was that Mr. Perkins had attempted to read this tentative draft to Col. Roosevelt over the telephone and the Colonel had informed him that he did not wish to hear it at this time.

There is bound to be some trouble over the plank on "Americanism." Some of the radicals would write a plank on this subject denouncing "hyphenates" and "hyphenates," and bitterly castigating the President's German policy. It is the opinion of Senator Borah that the language of this particular plank should be dignified in tone, merely stating affirmative propositions without showing any temper relative to the President's negotiations with Germany.

Intervention Opposed. Strong opposition has developed to the proposal of Senator Fall and certain Progressives that the platform should make a flat declaration in favor of intervention in Mexico. Critics of this plan point out that it might prove to be a serious blunder to tie up an Administration in advance to a definite course on a question of such large importance as that embodied in the Mexican situation.

It is recalled that a few years ago, when the Democrats started to revise the tariff, their whole programme was renounced for a time by a previous platform declaration for free lumber. This is one of many instances where political attacks have embarrassed the party in Congress.

It is the opinion of most of the regulars and many Progressives too that the Republican platform should make a dignified protest against the Democratic foreign policy as a whole without particularizing in any respect.

Within the past twenty-four hours there has been a change of heart among the leaders as to the wisdom of a straight out declaration for "military training." The question now seems to prevail that on this question too there should be a strong plank for preparedness without any attempt to commit the party at this time to either universal "military training" or "military service."

After breakfast the equipment was issued and the recruits got from the American service rifle, apparently, was that it is an intricate piece of ordnance made of brass and steel. The rifles carried them eagerly in two fingers and the recruits were soon saturated with gasoline and fell to cleaning.

The rain continued as some down. The recruits were in uniform and streaked with oil, but at last the rifles were in shape. The only regret now is that the recruits were not in uniform and streaked with oil, but at last the rifles were in shape.

1,300 ROOKIES GET A WATERY WELCOME

Plattsburg Military Camp Opens in Flood of Rain and Sea of Mud.

RECRUITS DIG TRENCHES

PLATTSBURG, N. Y., June 5.—Thirteen hundred citizen soldiers received to-day a true baptism in preparedness from the skies that poured floods all through the daylight hours at the opening of the Plattsburg military camp.

Immaculate khaki uniforms were shrouded under glistening ponchos and the first instruction in the school of the soldier gave way to elementary lessons in the use of trenching tools. Long lines of shallow trenches were hurriedly laid to keep the water outside, but in spite of all that could be done every tent included running water, on the floor, as one of the comforts of camp life.

Company streets became seas of mud and will remain so for several days, even should the weather become more favorable.

Eleven hundred recruits arrived to-day. The special trains from New York last night brought 516, and toward noon the New England contingent of 500 came by boat from Boston. The recruits were housed in the barracks of the Plattsburg military camp. More than 200 were encamped previously, having travelled to Plattsburg yesterday. During the day the recruits were given a preliminary drill by automobile. Every State in the Union is represented, including one man from California. A group of Westerners is expected to-morrow.

The work of getting the men into their camp homes was accomplished with speed and was in command of the Marine detachment of the Plattsburg military camp.
